

750 GOLDEN GATE

FAMILY HOUSING

San Francisco, CA

750 Golden Gate is the result of a thoughtful partnership with the San Francisco Mayor's Office of Housing and Community Development and the State of California. Previously a vacant lot, the site will be redeveloped into high-quality housing for local workers in close proximity to schools, parks, retail, employment opportunities, and public transit connections.

750 Golden Gate will provide 75 affordable apartment homes, including one manager unit, for families and individuals in San Francisco with a preference for San Francisco Unified School District and San Francisco Community College District educators and employees. Planned amenities include a community room, staff offices, a landscaped courtyard with play area, secured bike parking, and laundry facilities.

750 Golden Gate is the first phase of a two-phase development and as part of the California Surplus Land Act—which aims to repurpose unused public land for affordable housing—the two-phases will replace an existing vacant lot and Employment Development Department (EDD) parking lot with a new affordable housing community plus replacement parking for EDD staff.

Construction on 750 Golden Gate began in early 2025 and is estimated to be complete in late 2026, with lease up taking place into 2027.
